ATLAS BALL & BEARING CO. LIMITED

**Precision Balls in all Materials
Cylindrical and Needle Rollers**

LEAMORE LANE
WALSALL WS2 7DE

ENVIRONMENTAL POLICY

Atlas Ball & Bearing Co. Ltd is a stockist / distributor of precision balls and rollers in a wide variety of materials to a varied customer base.

As a company we will take into account the impact that our operations have on the environment when business decisions are made. We will aim to:

- Comply with all applicable legislation, adopted codes of practice and all other relevant controls as a minimum.
- Prevent, avoid or minimise pollution in all forms wherever possible.
- Consider and, when necessary, respond to communications from those affected by our operations and others with a direct interest in our environmental performance.
- Use energy and natural resources efficiently and reduce our consumption wherever possible.
- Minimise the production of all types of waste and responsibly dispose of all waste created.
- Strive to continually improve our overall environmental performance.
- Communicate this policy to all stakeholders and interested parties.
